### **Member Survey**

A survey was distributed to members at Technorama in March 2009. A disappointing rate of only 41 surveys were returned, 35 are from RDT's which account for less than 10% of our membership. In order to compile meaningful and conclusive results, we need your help. Results of the survey will be used to assess the quality of services that ADTO provides to members and opportunities for new programs.

***Please complete the survey enclosed and return to the office with your application form by mail or fax.*** Information collected will be kept confidential and for internal use ONLY. The ADTO is working for you, our profession and our future. Responding to the survey is essential for the ADTO to respond to your needs as a member of this association.

**We Can't Do It Alone. Your Input is Crucial and Valued**
